The non-standard generating function of Birkhoff billiards and applications

Misha Bialy

Tel Aviv University

Host: Kaloshin Group

I shall introduce the non-standard generating function of Birkhoff billiards. The main application includes the effective version of Birkhoff conjecture for centrally-symmetric curves. I shall also discuss the variational principle of the non-standard generating function. Based on joint works with Andrey E. Mironov and Daniel Tsodikovich.

Monday, May 23, 2022 03:30pm - 04:30pm

Mondi Seminar Room 2, Central Building

This invitation is valid as a ticket for the ISTA Shuttle from and to Heiligenstadt Station.

Please find a schedule of the ISTA Shuttle on our webpage:

<https://ista.ac.at/en/campus/how-to-get-here/> The ISTA Shuttle bus is marked ISTA Shuttle (#142) and has the Institute Logo printed on the side.
