

Seminar/Talk

Beyond the spherical sup-norm problem

Péter Maga

Rényi Institute Budapest

Host: Tim Browning

I will present a power-saving estimate in the restricted sup-norm problem of Maass forms for SL_2 over the Gaussian integers, assuming bounded spectral parameter and increasing dimension of the associated SL_2 -type. Joint work with Valentin Blomer, Gergely Harcos and Djordje Milievi.

Thursday, October 14, 2021 01:00pm - 02:00pm

Heinzel Seminar Room (I21.EG.101), Office Building West

This invitation is valid as a ticket for the ISTA Shuttle from and to Heiligenstadt Station. Please find a schedule of the ISTA Shuttle on our webpage: <https://ista.ac.at/en/campus/how-to-get-here/> The ISTA Shuttle bus is marked ISTA Shuttle (#142) and has the Institute Logo printed on the side.
