

Seminar/Talk

Compactifications of spherical varieties

Friedrich Knop

Friedrich-Alexander-Universität (FAU)

Host: Tamas Hausel

The talk will be a survey on compactifications of spherical varieties. Covered will be by now classical topics like toroidal varieties, fans, colored fans, and wonderful embeddings, as well more recent developments like classifications, and ground fields which are not closed or which are of positive characteristic.

Friday, June 17, 2022 02:00pm - 04:00pm

Heinzel Seminar Room / Office Bldg West (I21.EG.101)
