

Symposium/Conference

Nuclear Magnetic Resonance Symposium and Workshop 2023

Host:

On May 2 and 3, 2023 the Nuclear Magnetic Resonance Symposium will take place at the Institute of Science and Technology Austria (ISTA). The days after, May 4 and 5, 2023, a NMR workshop will be held for a select group of PhD students. This event brings together established scientists and young researchers working on Nuclear Magnetic Resonance with a focus on biological systems. The event is an opportunity for young researchers to network and to gain hands-on experience. The 2-day symposium brings together leading scientists in Nuclear Magnetic Resonance studies of biological systems, who will present latest results from their research. During the following 2-day workshop, a selected group of young researchers will have the opportunity to get exposed to latest developments in biomolecular solid-state NMR. The workshop comprises presentations on practical aspects and instrumentation, as well as hands-on sessions on the spectrometers. The symposium and workshop are organized at the occasion of the opening of the new NMR facility at ISTA. Speakers of the symposium: Ad Bax – NIH, Bethesda MD, USA; Melinda Duer – University of Cambridge, UK; Bernhard Brutscher – Institut de Biologie Structurale, Grenoble, France; Lucio Frydman – Weizmann Institute, Israel; Iva Pritisanac – University of Graz, Austria; Lewis Kay – University of Toronto, Canada; Remco Sprangers, University of Regensburg – University of Regensburg, Germany; Mei Hong – Massachusetts Institute of Technology, USA; Janez Plavec, Slovenia, Ljubljana – University of Ljubljana, Slovenia; Frans Mulder – University of Linz, Austria; Jan Stanek, University of Warsaw – University of Warsaw, Poland; Lukas Trantirek from CEITEC (Brno, Czech Republic); Dennis Kurzbach, University of Vienna; D Flemming Hansen, University College London. Special thank you to the sponsors of the NMR Symposium and Workshop: Bruker. We are looking forward to welcoming you to the NMR Symposium and Workshop at ISTA!

Tue, May 2, 2023 09:00am - Fri, May 5, 2023 08:00pm

ISTA

This invitation is valid as a ticket for the ISTA Shuttle from and to Heiligenstadt Station.
Please find a schedule of the ISTA Shuttle on our webpage:
<https://ista.ac.at/en/campus/how-to-get-here/> The ISTA Shuttle bus is marked ISTA Shuttle
(#142) and has the Institute Logo printed on the side.
