

Public outreach event

Long Night of Research

Host: ISTA

From 5:00 pm to 11:00 pm, this external event takes place at over 250 locations throughout Austria, granting public entry to various scientific institutions, without admission. Visitors can enjoy captivating tours, workshops, and shows and observe experiments carried out by scientists. Science program at ISTA campus The long night of research is an excellent opportunity for family and friends to visit ISTA and experience campus life. This year's program includes, for instance, an interactive science show, as well as family-friendly lectures given by ISTA scientists Andrea Stöllner, Lukas Lindorfer, and Florian Strahodinsky. In addition, there will be two interactive hands-on stations: the Prussian Blue Experience by the Ibáñez Group and AstroLab by ISTA astrophysicists. Attendees have the opportunity to engage in scientific experiments and experience a VR lab tour offered by VISTA. The Conrad Observatory—Geosphere Austria, International Institute for Applied Systems Analysis (IIASA), the Domestication Lab, the Konrad Lorenz Institut, the Vetmeduni and its Research Institute of Wildlife Ecology will be on campus. Visit the LNF 2024 website for more information.

Friday, May 24, 2024 05:00pm - 11:00pm

Central Building

This invitation is valid as a ticket for the ISTA Shuttle from and to Heiligenstadt Station.
