

Outreach

Women in Science

portraittheater

Host: EDI office

In recognition of the International Day of Women and Girls in Science, we are organizing a special event on the ISTA campus. The program will feature a performance of "Curie_Meitner_Lamarr_INDIVISIBLE" by portraittheater, a documentary-style theatre production that brings together the stories and scientific achievements of Marie Skłodowska-Curie, Lise Meitner, and Hedy Lamarr. Blending historical sources with live performance, the play highlights both their groundbreaking contributions to science and technology, and the structural barriers they faced, including displacement and migration in pursuit of scientific careers. It also addresses the importance of supportive environments and male allyship in enabling scientific excellence. The performance will be followed by a panel discussion with ISTA professors, reflecting on the play's themes and their relevance to the current academic landscape and the future of women in STEM. A reception will conclude the evening. Transportation: In addition to the regular ISTA shuttle bus, a special shuttle will depart from Heiligenstadt at 3:30 pm, with a stop at Klosterneuburg Stadtplatz, and will return from ISTA to Heiligenstadt at 8:00 pm. Click [HERE](#) for more information. The aim is to organize the event in accordance with the criteria of the Austrian Ecolabel for Green Meetings. If you have any questions about the event's sustainability standards, please contact the Green Event Officer Julia Kainrath (julia.kainrath@ista.ac.at).

Tuesday, February 10, 2026 04:30pm - 06:45pm

ISTA - Raiffeisen Lecture Hall

This invitation is valid as a ticket for the ISTA Shuttle from and to Heiligenstadt Station. Please find a schedule of the ISTA Shuttle on our webpage: <https://ista.ac.at/en/campus/how-to-get-here/> The ISTA Shuttle bus is marked ISTA Shuttle (#142) and has the Institute Logo printed on the side.
